AX 2 BY 60 / 125 / 250 2 Channels of 60, 125, or 250 Watts continuous RMS Power

Living up to the **AXIOM Series** name, the **AXIOM 2 BY 60 / 125 / 250** is two high fidelity commercial audio power amplifiers in one. The **AXIOM 2 BY 60 / 125 / 250** delivers 60, 125, or 250 watts of continuous RMS power separately into two individual channels, into 4-8 ohm or transformer isolated 25V and 70.7V lines.

Engineered for all-in-one telephone paging solutions, each channel of the **AXIOM 2 BY 60 / 125 / 250** offers a Hi-Z dual RCA input and a balanced 600 ohm/Tel-Page input which can mute the patched pair of Hi-Z inputs (defeatable). The 600 ohm/Tel-Page level of each channel is controlled via independent tamper-resistant controls on the rear panel. Like all **AXIOM Series** amplifiers, it comes packed with safeguards to ensure long-life, including: short circuit current limiting, peak overload, and thermal runaway.

Plus, with over a half-century of experience in the industry, **Grommes~Precision** backs the **AXIOM Series** with its unbeatable expertise and Assurance Pledge: a **7 year warranty** and a **30 day money back guarantee**.

FEATURES

- **Commercial Industrial Grade**
- **Choice of Two Independent 60 / 125 / 250 Watt Continuous RMS Channels**
- **Independent 600 ohm / Tel-Page Input***
- **Automatic Voice Activated Hi-Z Muting (Defeatable)**
- **Built Tough: Multiple Protections Including Short Circuit, Current Limit & Thermal Limit.**
- **Heavy Duty Power Supply Designed for Continuous Operation**
- **25V & 70.7 Built-in Output Transformer.**
- **Rack Mount Standard, Slim 2U Rack Design**
- **Convection Cooled—Reliable “No Maintenance” Design**
- **7 Year Warranty & 30 Day Money Back Guarantee**
